Special Rules:

Scouts, Hidden, Slow Reload, Evade

Evade

When charged or if activated while engaged in Melee combat, this unit may gain one Fatigue to take a Move action to move away from any units that are charging or it is engaged with. When being charged, this can be done instead of making a Defensive Attack. The charging unit is still moved whether the Charge was successful or not. This unit may use this ability even if it would cause them to become Shaken, but they do not fall back a second time as a result, nor will they Go Prone.

Great Warrior

This commander may not join an inexperienced unit. Any unit joined by this commander may upgrade all of the models in the unit to War Captains for 1 point per model. Once per turn, War Captains may apply a -1 bonus to any one test they take.

Hidden

If a Hidden unit is 12" or more from an attacker and in Cover (or if Limited Visibility is in effect), attacking units add a +1 penalty to all Ranged attacks against that unit, and any Special Rules that allow a Ranged attack to hit on an 11+ are negated. This rule has no effect if the unit is within a Structure, and is negated by the High Standing Special Rule.

Poorly Equipped

If this unit is activated by a CLUB, it gains one additional Reload marker to Small Arms if it gains any during that activation.

Quick

If this unit is activated with a SPADE, and it is not Engaged in a Melee Combat, it may at any point during the activation take a free Move action.

Rain of Arrows

This unit may spend two actions when making a Shoot Test with Bows. If it does so, the unit may re-roll any dice that fail to score hits. The player must declare this before rolling the Shoot Test.

Savvy

This unit ignores the effects of Slow Reload and The Sound of Thunder .

Scouts

This unit may move through rough area terrain (not inside structures and not while Climbing) without the -1" move penalty

Skirmishers

When this unit is activated with a SPADE or HEART: 1- if unit takes a Move action then attempts one or more Ranged attacks, it may take a free Move action back to its original position after the ranged attacks are resolved. 2- if the unit Charges an enemy unit it may take a free Move action back to its original position after the free Fight action resolved. In this case, the enemy unit cannot pursue the Skirmisher unit and the active unit may not perform any further Charge Actions during this activation.

Slow Reload

When this unit takes a Shoot action with a weapon that takes reload markers, it takes one additional reload marker.

Support

Only one of these units may be included in the Force for each unit of type (X) also included in the Force.

The Sound of

When hit by a Ranged attack that uses any weapon other than Bows, this unit rolls an additional D10 for its Fatigue Test.

Thunder**War Cry**

When this unit takes a free Fight action from a Charge, any units it charged and scored hits on must roll one additional D10 for the Fatigue Test.

Easy to Handle

This ship's Sail Setting may be changed using a Standard action instead of a Dedicated action.

Galley

This ship has the Sweeps (X) Trait and may use it's Sweeps while at any Sail Setting greater than 0". When rowed while under sail, it may choose to move using its Sweeps value or less but never less than its current speed under sail.

Low Profile

Apply a +4 penalty to a Shoot Test made with Artillery attempting to hit the Hull of this non-rigging structure section. This penalty is not applied to the additional dice, only the initial hit.

Paddles

A unit does not need to be assigned to the Sweeps in order to move this boat with oars. It may always move at its Sweeps value - 1" as long as there are enough models on the boat to satisfy the requirements. If a unit is assigned to the Sweeps, the boat may move its full Sweeps value.

Ship's Boat

A boat with this Trait allows a large unit to be carried in several boats with the same Trait. To do this: • All boats must have the Ship's Boat Trait. • None of the boats may be loaded at less than half capacity • All the boats carrying the same unit must stay Cohesive.

Sweeps

May move up to X" under oars while sails are set at speed 0" and the Sweeps are crewed.

Unstable

When this boat is hit by a Cannon and after casualties are removed, roll a D10 for each surviving model inside of it. On a result of 1 or 2, the model is removed as a casualty. Roll the Fatigue Test for affected units after all casualties have been removed.
